EXPERIENCE

Software Developer in Test - Intern
Merchant Link

📅 May 2019 – August 2019   📍 Ottawa, ON

- Written Python scripts that simulates behaviors of a pinpad to help automate testing of company product.
- Performed stress testing on company product to evaluate its ability to process transactions.
- Created an experimental tool that captures product network activities and diagnose for pinpad issues using Python.

PERSONAL PROJECTS

PyBoardGame

📅 July 2018 – September 2018   📍 Ottawa, ON

- A web project written in Python (Flask) that allows users to play simple board games on the website. Including Tic Tac Toe and Sudoku.
- A computer player is implemented using minimax algorithm in Python while the rest of game logic is implemented in JavaScript.
- The website also contains well documented game strategies pages.

NBA Daily

📅 Apirl 2019 – Ongoing   📍 Ottawa, ON

- A web project written in Python (Django) that scraps NBA stats from NBA website using API and displays the data in a more accessible way.
- Used SQLite alongside Django model to store and access all scapped data.
- Currently trying to integrate React with Django Rest Framework to create better looking and functial web pages.

Android Game

📅 October 2019 – December 2019   📍 Toronto, ON

- An Android app that contains 3 distinctive games, a functional user authentication system, as well as game save/resume feature.
- Learned Android development in a week and built the app using Java, Gradle, and SQLite.
- Employed SOLID principles, MVP architecture and other object-oriented design patterns.
- Designed the project, oral presentation, UML diagrams in collaboration with five other peers.

EXTRACURRICULAR ACTIVITIES

Volunteer
Stillwater Creek Retirement Home

📅 July 2014 – June 2018   📍 Ottawa, ON

- Perform music with a group named "Music in Motion" in the retirement home.
- Organized "Music in Motion" performances.
- Help kitchen serve out ice creams to seniors in the retirement home.

SKILLS

- Strong experience in Python web frameworks (Django, Flask), and some experience with NumPy, Hypothesis, Pandas, and Matplotlib.
- Knowledgeable in common design patterns and development practices, such as SOLID, MVP, and REST API's
- Professional experience with Git, Scrum, automated testing, Unix, with some knowledge of networking.
- Experienced in Android development with both Java and Kotlin ecosystem.
- Some experience with CI/CD with CircleCI, and deployment with Heroku.
- Some experience with C, PostgreSQL, SQLite, Latex, React, Angular

EDUCATION

🎓 B.Sc., Computer Science
University of Toronto

📅 2018 – 2022   📍 Toronto, ON

Current CS/CS Related Courses

- **Software Design (with Java)**
- **Computer Organization**
- **Introduction to Theory of Computation**
- **Software Tools and Systems Programming (with Bash and C)**
- **Introduction to Databases (with PostgreSQL)**
- **Data Structure and Analysis**
- **Probability with Computer Applications (with R)**

AWARDS & CERTIFICATES
